## EXPERIENCE THE QUEST!

Your camper will experience a summer they'll never forget! Each week is a new quest with a different theme, so there's always something new and exciting going on.

And did someone say field trips? Water parks, zoos, planetariums, aquariums, amusement parks, museums, ballparks and so much more. Ask for your school's field trip calendar to discover all the details.

While all of summer is going to be a blast, we have 4 headliner weeks you-cannot-miss!

## JUNIOR SUMMER CAMP

For 4 year olds, we offer Junior Summer Camp. This camp features special visitors and in-house quests so your younger child can experience camp. Junior Summer Camp does not include off-site field trips due to state transportation restrictions.

We've partnered with the National Football League to encourage your child to be active 60 minutes a day. Your child will participate in fun outdoor games, such as relay races, tug of war, soccer, and more!

## THINK STRETCH

Research shows that students lose 2-3 months of knowledge every summer. This program is designed to help your child hold onto the math, writing and reading skills built through the school year, while having fun.
