

summer REMIX ADVENTURE CAMP

Mix it up at Summer Remix Adventure Camp! This summer is all about diving into the world of imagination and entertainment – and living your dreams!

Each mini-camp is full of exciting experiences, culminating in field trips your camper will talk about for weeks.

Where else this summer will your child splash around a water park, create their own game show, visit a legendary football stadium, and make a movie – all in the same camp? Only at Summer Remix!

Ask for your school's field trip and mini-camp calendar to discover all the thrilling details.

THRILLING MINI-CAMPS

This summer is all about living your dreams! Mini-camps may include:

Lights, Camera, Action

Our movie mini-camp puts campers in charge of making a movie. Your child will find their passion as they decide on their role in the filmmaking process. They may write the script, design the sets or costumes, direct the action or play a character in the story. Each and every role is important on the path to Oscar glory.

Life in Space

The future is now as campers set out on an epic adventure to Mars. What will we eat? How will we protect ourselves from the elements? What will we do for fun? All these questions will be answered as we transform our classroom into a space habitation.

Podcasts: Stories to Tell

Nothing brings people together like a powerful story. This mini-camp celebrates compelling stories as campers produce their own podcast and/or videocast. Campers will decide on a theme, write scripts and interview participants to put together their own podcast show.

ADDITIONAL MINI-CAMPS

- Gameshows for the Win
- Comic Book Heroes
- The Artist Within
- Difference Makers
- Inventor's Showcase
- And more!

JUNIOR CAMP

For younger children, we offer Junior Summer Camp. This camp features in-house adventures so your younger child can experience camp. Junior Summer Camp does not include off-site field trips due to state transportation restrictions.

We've partnered with the NFL to encourage your child to be active 60 minutes a day. Your camper will participate in fun outdoor games and learn healthy eating habits. Find out more at nfl.com/play60.

THINK STRETCH

Summer learning loss is real. Research shows that students lose 2-3 months of knowledge every summer. Think Stretch helps your child hold onto the skills built through the school year while having fun. Visit thinkstretch.com to learn more.
